Vadym Voitsekhovskyi

Obukhiv, Ukraine | ☎ +38 067 518 22 22 | ✉ vadim.rolex.2005@gmail.com

Biography

Backend Developer. I have basic experience in development, using Java, C#, JavaScript, Python, but I aim to develop in the direction of .NET. I worked on several pet projects that are available on GitHub. My assignment – to create convenient and useful software for society. I want to gain experience in commercial projects, improve my tech skills, ability to work in a team and become a highly qualified specialist.

Skills

HTML | CSS | JS | MySQL | Postgres | C#/.NET | Figma | Java | Spring | Python | Git

Orginizing → Responsibility → Purposefulness

Ukrainian | English
